

Another Winter-Fields, LLC Development in Botetourt County

The Cypress

The Cypress is our most diverse plan with its second floor option. The first floor offers lots of storage space and open floor plan. Choose to have the second floor for additional finished space or great unfinished walk-up storage with future finishing potential. Master Suite includes large walk-in closet and soaking tub in the bath. The Kitchen opens into the Great Room with breakfast bar seating and pantry. Lots of options and added space for this low maintenance home.
